

WITNESS HUMANITY™
DEMONSTRATION AT UCLA
“Courtyard of the Sciences”
(Across from the Nanotechnology Building)
WED. MAY 7, 2008

Witness Humanity is a conflict resolution and reconciliation curriculum where adversaries learn to experience each other in a productive and compassionate manner by working together to help others in need of urgent assistance.

Witness Humanity brings rivals together and provides them with skills-based training in sustainable development; then takes them outside of their conflict zone where they cooperate with each other to heal the environment and improve the lives of disadvantaged people.

ENEMIES CAN CHANGE THEIR PERCEPTIONS OF EACH OTHER THROUGH SUSTAINABLE DEVELOPMENT PROJECTS. GET TO KNOW HOW WHILE YOU WATCH BARRY LENEMAN, THE PROGRAM'S DIRECTOR AND EXECUTIVE DIRECTOR OF NECESSITY HOUSING, BUILD A HOUSE ON UCLA'S CAMPUS IN JUST ONE DAY USING ALL ECO-FRIENDLY MATERIALS!
